HALIBURTON, ONTARIO

Thursday, September 13, 1962

Established in 1882 as the
Minden Echo & Haliburton Record

WHAT DYSART COUNCIL DID—

Law Suit Again Looms Over Bridge

The monthly meeting of the Dysart municipal council was held in the council chambers on Monday morning with all members present.

Whereas resolution No. 226 passed on August 18 last has not been executed and whereas in the meantime notice has been given by the contractor McKay, Anderson & McKay, that further action may be impending re: the Redstone Brook bridge therefore the execution of the above resolution be withheld until final settlement of all claims is completed.

● Editor's note—As we write this council minute we think it only fair to bring the ratepayers up to date regarding this bridge.

If ever Dysart council ever had a first class headache, the Redstone Brook bridge is it.

This bridge has already cost the ratepayers of this municipality a pretty penny and after hearing the details, one can hardly blame the municipality for not being overly anxious to build anymore bridges than necessary.

Lutterworth Council

The following are the minutes of Lutterworth township council meeting held on Wednesday, September 5 with all members present.

Moved and seconded by Oliver Greer and Nelson Archer, that the minutes of the August meeting be adopted as read by the clerk. Carried.

Moved and seconded by Robert Beene and Nelson Archer, that a by-law for the purpose of changing the date of the nomination and election in the township of Lutterworth to the late Saturday in November for nomination at 7 p.m. and the second Saturday in December for the election and the by-law be read a third time, passed, signed and the corporate seal attached. Carried.

Moved by Art Hodgkinson and Robert Beene, that accounts amounting to \$2,385.81 be paid. Carried.

Moved by Art Hodgkinson and Oliver Greer that we do now adjourn until October 3 at 7.30 p.m. Carried.

Ross Curry Fined

Ross Curry of Haliburton was fined \$10 and costs in Minden magistrate's court last Thursday.

Mr. Curry, who operates a septic tank cleaning service in Haliburton pleaded guilty to a charge of dumping sewage in a creek that flows into Lake Kashagawigamog.

When the crown attorney asked Mr. Curry what he had in the tank he replied, "I wouldn't like to tell here in front of these ladies, but it wasn't honey."

The magistrate was lenient in applying the fine due to the fact that Mr. Curry is the only man in the Haliburton district who does this type of work.

The accused told the court that he didn't dump the sewage intentionally. He went on to say that he pulled off the side of the road to let some cars pass. When the truck wouldn't back onto the road he was forced to dump the load.

Toronto S.A. Band At Hall's Lake

A treat is in store for all those who like to listen to good music. A band program is scheduled at Glenroy lodge on Hall's Lake this Sunday, September 16.

The concert will feature the West Toronto Salvation Army Band, the same organization that played in Haliburton last fall. The musical group will be on their annual retreat this week end.

We can assure everyone that they will hear a good program of music and fine male voice singing. The concert starts at 3 p.m.

In 1959 the writer was a member of the council which awarded this Sudbury firm the contract to build the bridge, the stated price being around \$16,000.

At the time of the contract being let, Wm. Emmerson, who headed a local group tendering on the job, stated that the bridge would never be built for that amount and he can be regarded as a prophet in the light of the events that followed.

The contractors seemed to run into one jam after another and finally threatened council with a suit of \$6,000. The council then paid them the sum of \$1,250 in excess of the contract—a move which yours truly was against.

Not long after this the firm was rumored to have been bankrupt and a local contractor had to be called in to finish the job.

During this time Hugh and Noel Griffin instituted proceedings against the municipality for compensation to their property caused by construction of the bridge. A lengthy legal battle ensued and finally the plaintiffs were awarded the sum of \$200.

If the foregoing minute means anything, it looks as if the municipality is going to be called on to fork over more money or face another legal battle. ●

Owing to the fact that the request for the closing of part of North St. in the town plot of Haliburton has been withdrawn, by-law 61-12 dealing with this matter has been destroyed.

A motion was passed and carried that accounts Nos. 875-978 inclusive totaling \$24,277.29 and general welfare accounts Nos. R114 to R125 inclusive totaling \$474.98 be passed and signed. Accounts for this period last year were \$651.57.

The C.N.R. is to be informed that since this municipality has not required that piece of road affected since 1930 and since there is no other demand for its re-opening, council does not feel it should appropriate public monies for a purely private undertaking. However permission be hereby granted the C.N.R. to use the right-of-way until such time as it is required for public purposes.

It was moved that the letter of Telford & VanWyck re: the Redstone Brook bridge be referred to our solicitor, Mr. J. A. McQuarrie.

It was resolved that the attention of the Dept. of Highways be drawn to the hazard created by the narrow bridge over the Burnt River below Scott's dam, especially since the improvement of Highway 519 at the top of the hill, westerly from the bridge.

Council decided to request the Dept. of Highways to erect a sign at the junction of Highways 519 and 121 on the Bobcaygeon road, directing traffic to Haliburton via the shorter route—Highway 519.

It was moved and carried that

Snowdon Council

The following are the minutes of the September meeting of Snowdon council with reeve E. H. Peacock in the chair and all councillors present.

The minutes of the last meeting were read and it was moved, by Milburn and Procter the minutes be adopted as read.

Moved by Procter and Mrs. Jennings that the clerk advise Mr. Reilly that council is in favor of a summer school project at Stoney Acres providing the township is not asked to contribute to costs. There are no binding by-laws in this municipality.

Moved by Messrs. Milburn and Gilbert that the clerk get in touch with the Children's Aid Society regarding the Rittwage children.

Moved by Messrs. Gilbert and Milburn the following bills be paid: Scott's store, relief \$35; Mrs. B. Gilmore, relief, \$14.87; Hillcrest nursing home \$99.75; W. E. Dugan \$4,000.

Moved by Messrs. Procter and Milburn we adjourn until council of Revision on Thursday, October 18 at 10 p.m.

lot 6, conc. VIII Dysart owned by the municipality be advertised for sale.

The application of Harina and Clayton Lynn for telephone extension and service from the Dysart Municipal Telephone System to their property on lot 15, conc. VII in the township of Guilford was approved by council and will be accepted and executed by the clerk.

It was moved and carried that the proposed subdivision of lot 6, conc. X of the township of Dudley by F. W. Cowling be recommended for approval by the Dept. of Municipal Affairs.

It was resolved that an agreement be prepared with Lakehome Properties re: the proposed subdivision of lots 27-30, Conc. VI and lot 27, conc. VIII in the township of Dysart.

It was moved that the conveyance of part of lot 26, conc. IV in the township of Guilford from Stephen Nyilas to Mary E. Rowntree and dated August 7, 1962, be recommended to the Dept. of Municipal Affairs for approval subject to a reservation being added that the parcel affected shall continue with parcel No. 19841 as a single parcel.

It was moved that the conveyance of part of lot 14, conc. IX in the township of Harburn from Harley R. Cummins to Kenneth Morley, dated August 25, 1962, be accepted and recommended to the Dept. of Municipal Affairs for approval.

By-law 62-12, being a by-law to establish part of the original al-

(Continued on Back Page)

Letters To Editor

Dear Sir:

I am writing to you regarding your article "Food for Thought" which appeared in a recent edition of the Echo.

Many of our tourists, who share the choice portions of Haliburton county with each other, are prone to begrudge their small taxes to the municipality in which they enjoy a few of the comforts listed herein: fire protection (forestry and municipal), carpenters, electricians, doctors, churches.

The municipality provides at least the sidewalks and stores.

Which of you would prefer his summer home in a county served only by two or three provincial highways? Do you think that these people who live here and serve you would do so if there were no schools, churches or stores?

If all public money were so carefully spent as that by one municipal council, a happy people we would be.

By all means secure representation but do look first at the pay, and do scan carefully what council did in our local paper before complaining.

Mrs. J. Fairfield,
Minden.

HALIBURTON NEWS LETTER

The Haliburton Rotarians are preparing to head for Orillia for this year's Rotary conference. The conference, to be held on September 22 and 23, will take in all clubs of district 701.

At the present time the Lindsay Ross Memorial Hospital seems to be filled with people from Haliburton. Among those that we know are there is Alf Burke, Stan Parish, Doug MacEachern and Walter Dean.

Gerald M. Dawson, local chartered accountant is moving his offices to Maple St. in the premises next to the Speed Wash laundry. The new location will give Mr. Dawson more room and it is a more central spot.

The Haliburton county school health service announces that the clinic for the administration of the second dose of Sabin polio-myelitis vaccine will be held as

Twister On Monday Evening Caused Considerable Damage

A twister on Monday evening, believed to have started in the Ingoldsby area, came up Lake Kashagawigamog, touching at the point of land at Birch Point lodge where it uprooted two trees and scattered lawn chairs and boats. It then passed on up the lake and over the golf course.

The twister seemed to gather force from then on, tearing off a portion of the roof of Hugh McDonald's barn and tore down

Bruce Cowen's TV antenna.

By the time it struck Art Wilkinson's it had gathered force enough to lift the balcony off the veranda and set it up on the roof of his house.

It was reported to have passed close to Ike Roberts' home and it apparently continued through to the Camp Timberlane area where trees have been uprooted.

Slight damage was suffered to telephone and hydro lines.

Stanhope Council

The following are the minutes of Stanhope township council's September meeting with all members present.

Moved by Wm. Cowen, seconded by Clayton P. Rogers, that the minutes of the previous meeting be adopted as read, and correspondence for same be filed for future reference. Carried.

Moved by John Broderick, seconded by Allan Sisson, that the reeve and Mr. Thomson contact the crown attorney regarding the building on the Stacey property, also arrange for advice regarding issuing of a charge against Unif Builders Prefab as to the erection of a cottage near Kushog Lake without a permit. Carried.

Moved by Clayton P. Rogers, seconded by John N. Broderick, be it resolved that we petition the Dept. of Highways for the payment of statutory subsidy on road expenditure for August 31, 1962. Carried.

Moved by Clayton P. Rogers, seconded by Allan Sisson, that our road superintendent, Milton Dawson and Mr. Hewitt of Minden, make arrangements to improve that portion of road from Highway 35 to Highway 530 through Carnarvon. Carried.

Moved by John N. Broderick, seconded by Allan Sisson, that the reeve and Clayton P. Rogers accompany the clerk to a meeting at the county office in Minden on Wednesday, September 12 at 10 a.m. Carried.

Moved by William Cowen, seconded by John N. Broderick, that the clerk cause tenders to be received for the contract of snowplowing and sanding the township roads for the 1962-63 season, same to be at an hourly rate of pay, truck, driver and repairs to truck to be the responsibility of the contractor; one assistant to the driver and plow equipment and repairs to equipment supplied by the township. Carried.

Moved by Clayton P. Rogers, seconded by John N. Broderick, that the clerk be instructed to write the municipal engineer regarding approval of the purchase of a snow plow with hydraulic system. Carried.

Moved by Allan Sisson, seconded by William Cowen, that the

Work On School Addition To Begin Soon

In conversation with R. J. Curry of the Haliburton County District High School Board, we learn that construction will soon get underway on our new composite school.

This new addition to our high school was delayed owing to the fact that the lowest bid was in excess of the estimated cost.

However, final approval has been given by the federal and provincial governments, so we can look for action soon.

Andeen Construction Co. of Brampton have been awarded the contract for the building of the new addition.

Bobcaygeon To Vote On Water

The citizens of Bobcaygeon will go to the polls in the near future to vote on the question of whether to install a water system or not.

The last time this question was voted on, the ratepayers turned it down, but it is felt that this time those who are in favor of a waterworks system will have the edge.

Fenelon Falls have a waterworks system and Minden will have one in the not too distant future.

Weather Report

September 6-13, 9 a.m.

Highest temp., 75, Sept. 8.

Lowest temp., 38, Sept. 8.

accounts amounting to \$511.63, relief at \$125 and road voucher No. 8 at \$1,484.62 be allowed for payment. Carried.

Moved by John N. Broderick, seconded by William Cowen, that this meeting adjourn until the next regular meeting of October 3, 1962 at 7 p.m., unless called sooner by the reeve. Carried.

Ontario Development Association. The trip took place on Wednesday. Those present from Haliburton were reeve Holly Sisson, deputy reeve Roy Brohm, representative from ward one Robert Bishop Sr., and the clerk treasurer G. H. Windsor.

Algar coach lines are having a busy year. They reported to us this week that they transported 150 people to this year's CNE in Toronto. We also understand that the coach lines will be giving better bus service this winter. You can now leave Toronto at 11 noon and arrive at Haliburton at 5.15 p.m.

Brig. and Mrs. J. D. Sharp of Orillia, who are divisional commanders of the Salvation Army for Northern Ontario will be guest speakers at the Salvation Army here on Sunday. You can be assured that these officers will have a message that will be interesting and uplifting.

10th ANNUAL ONTARIO HOUSING CONFERENCE

The Hon. R. W. Macaulay, Q.C., minister of Economics and Development, announced today that the 10th annual Ontario housing conference will be held in Toronto from September 11 to 14. Some 300 participants are expected to attend from all over the province as well as visitors from other parts of Canada and the U.S.

The keynote speaker, on September 12 will be Mrs. M. McGuire, commissioner, Public Housing Administration, Washington, D.C. The Hon. R. W. Macaulay, Q.C., will address the annual banquet on September 13.

Panel and workshop sessions will deal with such topics as "The Role of the Housing Authority in the community," Terms and Conditions of the Public Housing Program," The Shaping of Our Public Housing Projects," The Rent Certificate Plan," Beautifying the Project"—a report of the horticultural society of South Regent Park.

Included among panel participants will be Frank C. McGee, M.P. for York Scarboro; Mayor Christine Thomas of Oshawa; Controller William Dennison of Toronto; David B. Mansur, real estate and mortgage consultant, Toronto; Norman Pearson, planning consultant, Hamilton. In conjunction with the annual meeting of the Ontario Association of Housing Authorities, Professor James A. Murray will present a report on the national study of public housing, of which he is the director.

Do you need a new chimney?

SELKIRK

is the answer... here's why...

It's the chimney that comes in a package... so light and easy to handle, you can install it yourself in a few hours. Selkirk's original insulated design means a safe chimney and an efficient chimney... no condensate or soot problems with Selkirk's WARM-WALL design. Your heating unit will operate at peak efficiency with any fuel; gas, oil, coal or wood when you install the Selkirk—Canada's first choice in chimneys!

Roof-top design — the regular chimney is modern-round design of weather-resistant material. You may choose, as an optional extra, the traditional square brick design. (If you prefer, you may order the square design at a later date.) But round or square, you'll like the clean, neat appearance of your Selkirk, the original factory-built chimney.

Dymond Discusses Health in Ontario

The Ontario Hospital School. Cedar Springs

Matthew B. Dymond, MD, CM,
Ontario Minister of Health

The Ontario Hospital School has recently admitted its 600th patient. This modern, well equipped unit directed by the Mental Health Branch of the Department of Health, was officially opened in June 1961. Some of the patients have been transferred from other Hospital Schools to be closer to their parents, and others have been admitted directly from the South-Western Region of Ontario.

Cedar Springs will have eventually, approximately 1,200 patients, and the remaining number of beds will be allocated over the next year as more trained staff become available. The greatest demand for admission is in the six to sixteen years age range, but some cases have to be admitted under six and over sixteen, where there are urgent medical and social reasons indicating admission.

Facilities have now been set up for the counselling of parents, the reception, observation, diagnosis and treatment of all children admitted to the Medical Surgical Building. This unit offers special Nursing, Medical and Psychiatric care for children who are handicapped both mentally and physically. The Pavilion

areas with 37-bed Wards are reserved for the children who mainly require residential care, social, academic and vocational training, rather than specialized medical attention. Some of these children with training can return to their homes and communities, but most of them require continuous protective care.

At Cedar Springs, we have established a Day School System, teaching up to the Grade V level and a Vocational Training Unit for our adolescent girls and boys is under way. Recreation is an important part of any programme for the mentally handicapped, and Organized Games, Scouts and Guides Organization and Teen Town Dances are accepted weekly activities in the Hospital School.

Finally, our programme is supplemented by an increasing number of Volunteer Workers from Blenheim, Chatham, Windsor and London, who provide almost daily services for our children in a variety of ways, ranging from Play Activity with the smaller children to musical entertainment for the adolescents. At Cedar Springs we welcome community participation and recognize that the Hospital School is only part of the total community programme for the mentally retarded in South-Western Ontario.

News Notes From The County

The Minden fall fair has come and gone again for another season. This annual event is getting larger every year and it's one of the few fall fairs that we have left in Ontario. Each time the fair is held the committee who direct it seem to be able to come up with some new ideas. This year's event had music, rides for the kiddies and something for the adults. The Minden Agricultural Society are to be congratulated on holding such a good fair.

The Haliburton Rotary club staged a bee at their regular meeting last Thursday night. The members were directed to the Haliburton community arena to tear down the booths which were left from the Rotary carnival. They moved the equipment to a local warehouse where it will stay until next summer. They are getting the arena ready for the coming season. Only one member was missing from the club's Thursday night meeting.

We might mention here that word from Scottie Larue informs us that he is having a good time with the Woodbridge Dodgers on their trip to Florida.

A letter this week from the Dept. of Travel and Publicity has this to say about Muskoka and the Haliburton Highlands. Like the Ottawa "Tulip" and Niagara "Blossom" and "Vintage" festivals, the Muskoka cavalcade and the Haliburton Festival of Color now attracts tens of thousands of motor parties, among them color photographers, artists and just plain nature lovers, who make the tours through these beautiful

lakeland area to Algonquin provincial park a feature of their annual travel itineraries.

The Haliburton Highlands centres will also organize special tours from Lindsay via Highway 35 to Algonquin Park and stage a grand week end fall color festival at Minden. At the present time various organizations in the highlands are preparing for this year's festival of color. We are hoping that many will take the opportunity to come back and view our beautiful countryside in color.

We received word this week that Jeff Barry and his rhythmic ranch boys from Guelph came first in a contest at the Caledon Air Ways last week. They were judged as the best musical group present. This band had made several appearances at the Legion hall, Haliburton. Congratulations.

Mr. and Mrs. J. Finlayson who celebrated their 42nd wedding anniversary on September 6 entertained neighbors at an afternoon tea held at the Haliburton Lake cottage on the Labor Day week end.

The Riverside Restaurant was closed last week for plumbing improvements. They reopened on Saturday night, September 8.

Once again this season the Haliburton Rotary club are sponsoring the Skyline Park color photo contest. Prizes for the best print or transparency will give the winners \$50, \$25 or \$10. A new feature this year will be the mystery spot tour contest with prizes of \$25, \$15 and \$5. The event this year is being held from September 21 to October 8. The advertisements are out and you may pick up one at most places of business in Haliburton or from any member of the Rotary club. On this card is listed all the rules of the contest plus coupons. Get yours right away.

A new feature which has been made available for use by picnic groups, campers and other visiting Presqu'ile park is a baseball diamond located about a quarter mile from the park entrance. This area was constructed and leveled a few years ago and now has a good grass covered surface.

Russell Stevenson, 49, of Minden, was arrested when, it was reported, he attempted to enter the county jail. He was charged with drunk driving and was in court one day last week.

The Watchman-Warder ran a picture in their last edition of a summer setting of the Haliburton headquarters of the Dept. of Lands and Forests.

While driving through Rosedale last week we noticed the work has started on the first phase of construction of a new bridge at Rosedale. Bailey Construction Co. of Orillia have started chopping down trees on land adjacent to the present bridge. The project is to cost \$237,000.

Once again the Dept. of Highways had surveyors out on the main street of Haliburton. It looks as though they might wear it out with so many surveys.

Radar traps seem to be getting very plentiful in Ontario. Several of the boys who were in Toronto last week noticed them along the highways.

The students are back at the Haliburton County District High School and they have another large enrolment. We understand that 475 students are now going to the high school. Some new teachers are on the staff to replace those who sought positions in other schools.

Rick Bain, who will be playing hockey with either the Peterboro junior A or B clubs will report on October 1. He also was invited to attend the hockey camp of the Hamilton Red Wings. If he makes the Peterboro club he will stay there, otherwise he will have a tryout with the Red Wings at Hamilton. We wish him the best of luck with his hockey career.

The summer season is over and now the business establishments along with the tourist resort operators are sitting down to add up the books. In speaking with some of the local businessmen they tell us that it was the biggest summer yet. Some even went on to say that if you didn't make money this year, then there is something wrong. Some tourist operators told us that they got off to a slow start but ended up with a rush. The weather, for most of the summer was ideal, and we hope it will continue on into September. Last week end the traffic was heavy and some say it matched any week end that we have had in the past summer. Next year when you think of the busy summer season ahead, think

of the Haliburton Highlands Chamber of Commerce who are doing a bang-up job of bringing visitors back into this area. Some of you who are not members, but had a good year, should thank the chamber for their efforts. Let's all make it a point to join the chamber of Commerce. You can help them and they can help you. Think it over and join up right away. You will be glad you did.

Some people we have been talking to this summer say they just can't get over the magnificent view from Skyline Park.

On a trip to Kinmount just the other day we were amazed to see the progress that is being made in this small community. Led by some progressive citizens who are looking to the future, we noticed several changes. The Legion hall has received a new paint job and it smartened up the appearance of the building. A new liquor store is now in operation on the right hand side of the road just south of the bridge. While driving to the fair grounds we were amazed to see that Kinmount now have a smart new arena. This arena, which will also serve as an exhibit building for the fair, is very spacious and contains a concrete floor which can also be used for dancing. In the past the village of Kinmount has been a wonderful sporting centre with everyone turning out to cheer on their hockey teams. They have always had the disadvantage of having to skate and play hockey on an open air arena.

This is all over with now since the erection of their new building. We hope to see Kinmount back in the hockey limelight in the very near future. Next time you are in Kinmount drop around and see the many changes being made in this community. We might mention that the Lions club are a real driving force in the community.

The motion picture "The Interns" did a great business when it played here at the Molou theatre in Haliburton. But this isn't the only place that had success with this movie. The following item of interest was taken from Hugh Clairmont's column of the Bracebridge Herald-Gazette:

"Current rage in motion picture medics was enough to send Muskoka theatre manager George Tanton over 85 miles of winding roads to get a film copy of 'The Interns,' which became available at a late date and forced cancellation of another picture. But George said the business the young screen doctors did was well worth all the trouble of going over to Haliburton and returning here in time to open the three day run with a midnight showing. Returning the print wasn't so bad. George only had to go half way, where the Haliburton people met him.

Fall fairs in many localities are becoming a thing of the past. Here in this area we still have two of these fall shows. The Kinmount and Minden fairs seem to be getting bigger and better each year. On Saturday we had the opportunity of attending the Minden fair. We hadn't been in the grounds 15 minutes when we realized that this was the best Minden fair ever staged. Most small town fairs seem to be dropping off but the one in Minden is on the way up. On thing that astonished us was the co-operation the fair board received from the citizens of the community. Everyone seemed to be there to do their part. The Minden Agricultural Society are to be congratulated on bringing Haliburton county a top-flight performance.

HALIBURTON

Mr. and Mrs. Allan Botting of Haliburton were visitors to Lindsay on Friday last week.

Messrs. Joe Iles, Gerry Wood and Grant Rae were visitors to Bradford and Orangeville one day last week.

Mr. Reg. Willson of the Bank of Montreal staff spent the week end at his home in Waterford.

Mr. Jack Besse of Toronto visited with relatives in Haliburton over the week end.

Mr. T. A. Irwin Sr. was a business visitor to Burlington for a few days last week.

Mr. and Mrs. Mervyn Elstone of Haliburton are vacationing in the Renfrew area.

Miss Brenda Lynn Austin spent the week end at her home here.

Mr. and Mrs. Jim Moore of North Bay were visitors to Haliburton over the past week end.

A good number from Haliburton attended the Minden fair which was held on Saturday.

Mr. Jack Roberts of Glendale, Cal., visited with friends and relatives in Haliburton last week.

Mr. Jack Rule of Toronto spent the week end at his home here.

Mr. Gaff Davies of Haliburton was a visitor to Lindsay one day last week.

Mr. and Mrs. Ted Harding of Toronto are vacationing in the area.

Mr. and Mrs. Paul Thain of Toronto spent the week end in Haliburton.

Mr. and Mrs. Russell Johnston spent the week end in Ottawa attending the funeral of a relative.

Mrs. M. Robinson of Englehart and Mrs. H. Boldt of Norland visited at the home of Miss Violet Roberts over the past week end.

We are pleased to note that Mrs. Viola Trudeau has returned home after undergoing surgery in Peterboro Civic Hospital. She is making a satisfactory recovery. Mrs. J. Burke and son Gary and Mr. Al Harrison, all of Toronto, visited at the home of Miss Violet Roberts on Monday.

receive a lump sum at the start of each of the four university years, with built-in life insurance coverage, throughout to guarantee funds even if the sponsor dies.

Wide Range of Plans

Under one typical plan, by depositing \$49.55 a month at interest, beginning two years before college and continuing for seven years, a parent will be able to guarantee his child a \$4,000 college education.

Other variations of the program range from payments of \$9.39 a month for nine years to provide \$1,000, to \$99.10 a month for seven years to provide \$8,000.

If a student withdraws from college for any reason, the program may be continued as an insured savings plan, or discontinued, at the parent's option. If a college year is repeated, the plan will be continued as originally agreed and special provision may be made for the additional year.

Need of the Times

Commenting on the university education program, Mr. Hart said, "We see this new undertaking as meeting an important need of the times we live in. The program will enable many Canadian boys and girls to go to university who otherwise would not be able to do so because the short-term financial load would be too heavy for their parents to bear.

"We hope it will have a practical and realistic value to parents of children now in high school and that it will contribute towards developing the trained minds Canada will need so urgently in the years ahead.

field last week included Sgt. Grant F. McCaw, who was a member of the air show from Gimli, Man. Performing on Wednesday, Thursday and Friday at the CNE, he was accompanied by his mother, Mrs. Marjorie McCaw of eBlerville.

On Wednesday Mr. and Mrs. Wilfred Fairfield of Fenelon Falls and Dr. and Mrs. Scott with the children spent Saturday at Fairfield Bay.

The Anglican church picnic dinner will be held, weather permitting, at Fairfield Bay, Sunday, September 16.

insurance protection, has been announced by G. Arnold Hart, president of the Bank of Montreal.

The plan, to be known as the Bank of Montreal university education program, will make it possible to finance college studies through modest monthly payments at substantially less cost than would be possible on a straight loan basis, Mr. Hart said.

Under the program, a parent, guardian or sponsor will undertake to make monthly payments during a student's last two, three or four years of high school, continuing through university, and terminating a year after graduation. In return, the parent will

CARNARVON

Mr. Frank Thomas, who has been in Saskatchewan for the past month visiting relatives, returned home last week.

Mrs. Jack Russell Sr., her daughter Mary Lou and Mr. and Mrs. Jack Russell Jr. of Timmins visited with relatives here last week.

Mr. and Mrs. Lawrence Harrison have as their guests, Mr. and Mrs. N. Studholme of Toronto.

We are pleased to report that Mrs. Ben Davis is recovering nicely from her recent operation.

Mr. and Mrs. Murray Davis and Mrs. J. Barnhart were with her on Friday and Mr. and Mrs. Francis Thomas motored to Toronto on Sunday.

Mrs. S. Nesbitt, Mr. Doug Cowan and Mr. Earl Crawford were among the many who had horses to show at the Minden fair.

Mr. and Mrs. Ross Harrison and

Mr. and Mrs. A. Medley motored to Belleville last Wednesday. Tom and Larry begin their first term at Albert College.

Mr. and Mrs. J. Gregory motored to Toronto on Monday. Mr. Gregory will visit his doctor for a check-up.

Mrs. George Cowan and Mrs. M. Windsor spent a few days in Whitby last week. Miss Pat Cowan returned to college there. We found it very interesting watching the students arrive. One girl had been flying all day and came from Venezuela. Three sisters flew down from Alaska and a student was expected from Korea.

Mr. Murray Burton is now with the RCAF at Clinton, Ont.

Mr. and Mrs. George O'Ponds and Miss Sheila Pounds were in Montreal for a few days last week.

Miss Wendy Nesbitt is attending school in Minden. Her parents expect soon to move to their new home on the river road.

EAGLE LAKE

Recent guests of the Pawns were Miss Elsie Bowyer and Mrs. Helen Morton, Toronto; Miss Eva Lathan of Ottawa; Mrs. O. Lymburner and Miss Margaret Adamson from Hamilton, also Miss Martha Curry of Collingwood.

Miss June Allport of Toronto spent the week end with Miss Muriel Allport at her cottage on Eagle Lake.

Mr. and Mrs. Lloyd Madill were in Port Hope during the week end to visit her sister who is ill.

Mr. Roy McCauley has gone to Whitby where he will attend school this year.

Mr. and Mrs. Joe McCauley

have moved to Peterboro where they will attend teachers' college.

A speedy recovery to Velda Hobden at present a patient in Lindsay hospital.

Congratulations to Mr. and Mrs. Donald LaPorte who were married Saturday in Carnarvon United Church and to Mr. and Mrs. John Moore whose marriage took place in Lakeside Baptist Church, Haliburton, on Saturday last.

Miss Sharon Swayze of Niagara Falls is teaching in the junior room in the local school.

Miss Glenda Tripp of Toronto is holidaying at her home.

Mrs. A. Hill and Mrs. Vickers spent a few days in Toronto.

Mr. Bob Moore is now employed in Temagami.

Obituary

ERIC McCONNELL
Churchman, Citizen and Bank Manager

On Wednesday morning last at 11 o'clock, funeral service for the late Eric McConnell was held in the Church of Christ the King, at Etobicoke. The service was under the direction of Rev. David McGuire, a close friend of the deceased, with Rev. Raymond J. Carder of St. George's church assisting.

The high regard which the deceased was held in this area was attested by the large number who motored to Etobicoke to pay final tribute to this outstanding citizen who was removed from this community under such tragic circumstances.

The late Eric McConnell, through his work in the Rotary club, the Canadian Legion and his interest in the Masonic Order made him very well known all over this area. His great liking for football and curling were also factors in enlarging his circle of acquaintances.

Many men in this day and age become so wrapped up in sport and fraternal organizations that they can find no time for the spiritual side of life. In this respect the late Eric McConnell was different as he contributed much of his time laboring in the interests of St. George's Anglican Church and was the key factor in the establishment of the Brotherhood of Anglican Churchmen in Haliburton. On different occasions he served as lay reader in the parish and his straight-from-the-shoulder messages, borne of deep conviction, gave those who were fortunate enough to hear them, plenty of food for thought.

Though only in this community four years he had, during that time, taken such an active part in local activities that his loss to this village is hard to forget. Mrs. McConnell and Linda, however, have suffered an infinitely greater loss than us and the sympathy of a host of friends and acquaintances goes out at this time to them.

On Tuesday evening, prior to the funeral service, the brethren of Ozias Lodge, Brantford, held a service for the deceased at the funeral home of Turner & Porter where he was resting.

Pallbearers were Leo Couch of Waterloo, Brian Filiter of Burlington, Leslie Lackey of Kitchener, George Blackburn of Ottawa, Robert Wynot of Halifax and Reginald Willson of Haliburton.

Interment was made at Memory Gardens, Breslau.

BANK OF MONTREAL

UNIVERSITY EDUCATION PROGRAMME

A comprehensive, life-insured plan for financing a college education for boys and girls now in high school

If you are like most parents with children in high school, you are probably wondering how you are going to meet the costs of financing your youngster's college education. To help parents solve this problem, the Bank of Montreal has introduced its University Education Programme—the first life-insured plan of its kind in Canada.

Under this comprehensive programme, parents, guardians and sponsors of high-school students can spread the cost of a university education over periods of up to nine years, thus keeping monthly payments to amounts they can afford without hardship. And the cost to the parent is only a fraction of the interest paid on a straight loan programme.

HOW THE PROGRAMME WORKS

Under the basic plan, the parent agrees to make monthly payments to the Bank starting, say, two years before the student enters university, and terminating one year after graduation. In return, the parent receives an annual sum from the Bank at the start of each of the four university years.

VARIANTS OF THE PLAN

Several optional plans are available under the programme, and these vary as to the number of years in which the parent wishes to make monthly payments, as well as to the amount required annually for university expenses. Plans are based on objectives ranging from \$1,000 to \$8,000 payable to the parent in four annual instalments.

Here is an example of how one of the basic plans can be varied to suit your needs:

OBJECTIVE: \$4,000

To be paid to the parent in four annual amounts of \$1,000 each

OPTIONS	YOU PAY MONTHLY	PERIODS OF PAYMENT	YOUR PAYMENTS BEGIN
Plan A	\$49.55	7 years	2 years before university
Plan B	42.78	8 years	3 years before university
Plan C	37.56	9 years	4 years before university

LIFE-INSURANCE FEATURE

If the parent concerned should die after the start of the programme, the funds for education specified in the agreement will be advanced by the Bank each year without any further payments being made by the family or the estate.

HOW TO JOIN THE PROGRAMME

See the people at your neighbourhood B of M branch. You will receive a warm welcome from a staff who will be pleased to give you further details and to help you select a plan suited to your needs. Ask for your copy of the Bank of Montreal University Education Programme folder.

P.S. If you need help in financing a student already in University—or planning to register this year—talk to your B of M Manager. Chances are he can arrange a tuition loan with extended payments adapted to your circumstances.

Mr. and Mrs. E. Pideout, London, England, Mrs. E. Wooley of Berkshire, England, and Mrs. Eric Wooley and son of Montreal are visiting with Mr. and Mrs. Ross Anderson Jr.

Mr. and Mrs. Gordon Lee visited Mr. and Mrs. D. J. Lee.

Mr. Howard Brooking of Bowmanville spent the week end with his parents, Mr. and Mrs. Stan Brooking.

Mr. and Mrs. Archie Anderson of Ottawa spent the week end at his parents, Mr. and Mrs. R. H. Anderson Sr.

Mr. and Mrs. N. Forbes of Peterboro spent a few days at Herbert Dunfords.

Mrs. L. Mumford of Bobcaygeon spent a few days at her home.

Mr. and Mrs. A. English of Toronto are spending the week with Mr. and Mrs. M. Kemerer.

Mr. and Mrs. D. L. Finlay spent the week end with friends at Lake Simcoe.

Mr. and Mrs. Gus McInnis have moved to Tory Hill.

Recent visitors at the home of Mrs. J. E. Finlay were Mrs. W. J. Hart and Elizabeth of London, Mr. and Mrs. G. A. Finlay of Minden, Mr. and Mrs. R. H. Finlay of Lindsay, Mr. and Mrs. Singleton of Windsor, Mrs. Gray and Mrs. Lawrence of Port Perry, Miss E. Anderson of Toronto, Mr. A. Ritchie of Edmonton, Mrs. J. Bickle of ePterboro, Miss Diane Morrison of eBaverton, Miss Kany Hart of London, Mrs. Wilson of Oakville, Mr. and Mrs. A. Beattie of Tilsonburg, Mr. and Mrs. Doug Westgate of London.

Mrs. M. Short of Toronto spent the week end with friends.

Mr. and Mrs. Allan Hadley of Cambray and Mrs. Alice Hadley of Gooderham visited friends in Tory Hill on Sunday.

Two new houses are being built in the village, Mr. A. Stamp and

W. Riel.

Mrs. Finlay Sr. visited Mr. and Mrs. G. A. Finlay of Minden and spent Saturday afternoon at the fall fair.

Mrs. A. McColl spent the week end with friends at Brechin and Orillia.

The busy tourist season is pretty well over but we still have the week end influx of people who come back to their cottages. It has been a very nice summer, business was good, and a lot of visitors were loud in their praise of our wonderful country.

Mrs. Bruce Edgar of Toronto spent last week with her sister, Mrs. Don Finlay Sr.

Mr. and Mrs. McGinnis attended the Moore-Howe wedding at Haliburton.

The Garsides of Ajax visited with Mr. and Mrs. Bonham.

From all accounts there is a bumper potato crop in the vicinity. Harry Finlay weighed one at 2 lbs. 2 ozs. They are also very choice quality.

The recent frost nipped the tender vines and flowers, but the hardier ones are blooming nicely.

Lands And Forests Report

OPEN SEASONS FOR FUR BEARING ANIMALS
The Hon. J. W. Sooper, minister of Lands and Forests, has announced the open seasons for trapping fur bearing animals in Ontario for the 1962-63 season.

The following apply to the Lindsay district which includes the counties of Durham, Northumberland, Peterboro, Victoria and Haliburton.

Beaver—

November 1 to March 31, by quota only.

Fisher and Marten—

November 1 to January 21, by quota only.

Mink—

November 1 to January 21.

Otter—

November 1 to March 31.

Muskrat—

November 1 to April 30 north of Highway 7. November 1 to April 20 south of Highway 7.

Lynx—

November 1 to February 28, by quota only.

Raccoon—

September 1 to August 31.

Fox—

September 1 to August 31.

Weasel—

No closed season.

All trapping of beaver, fisher, lynx and marten is on a quota basis only, set by the department.

All beaver, fisher, lynx, marten, mink and otter pelts must be sealed by a department officer before being sold by the trapper.

WHAT'S IN A MESSAGE?

On September 9 the following radiogram was transmitted to the Lindsay district office from the deputy chief ranger office at Ap-sley.

"Fire 89-33, Lot 23, Con. 12 Nor. Burl. Twp. Sept. 8, 1200 hrs., Campers, 1 ac. B.P. 5 E.F.F. 1 Rgr."

This is as a radiogram should be, brief, but complete, revealing at a glance the situation in its entirety, that is if you understand the terms and abbreviations which are commonplace in the vernacular of the forest ranger.

Let's analyse it and see what actually took place and what action was taken.

Fire 89-33 was the 33rd fire to occur in division 89, the Gooderham chief ranger division, since

April 1, 1962.

It's location was lot 23, concession 12, North Burleigh township, and it was discovered at noon on Saturday, September 8, 1962.

The fire was started from an unattended campfire and burned over one acre of bushland before being brought under control by five extra fire fighters under the direction of one ranger. When the radiogram was received the fire was "being patrolled" (B.P.).

Neither the radiogram nor the translation however reveal the full extent to which the facilities of the department are involved in what appears on the surface as a relatively innocuous occurrence.

Many men and equipment are automatically brought into play when fire threatens our natural resources.

MY BLIND SERVANT

Isaiah 42:18-20

All students of the Scripture know that God formed of the descendants of the twelve sons of Jacob the nation known as Israel, and of them He states, "You only have I known (or recognized) of all the families of the earth" (Amos 3:2). "But thou, Israel, art my servant, Jacob whom I have chosen, the seed of Abraham my friend" (Isa. 41:8). "I am the Lord, your Holy One, the Creator of Israel, your King" (Isa. 43:15). With that nation He made a covenant, saying, "Now therefore, if ye will obey my voice indeed, and keep my covenant, then ye shall be a peculiar treasure unto me above all people: for all the earth is mine . . . And all the people answered together, and said, All that the Lord hath spoken we will do" (Ex. 19:5, 8).

In the course of time the nation became divided into two nations—Judah, which comprised the two tribes of Judah and Benjamin; and Israel, or Ephraim, which comprised the other ten tribes, and God declared the division was of Him (1st Kings 11:31-33; 12:24).

Israel, the ten tribes, became faithless and began worshipping the false gods of the nations roundabout. As a consequence she was cast off from Divine favor (divorced) and taken captive into Assyria, and has never returned to the land of Palestine. In due course these ten tribes became scattered, as tribes, among the nations, even to the point of losing their identity and being known as Gentiles, and are often referred to as the "ten lost tribes." But God has not lost sight of them and states, "Is Ephraim my dear son? is he a pleasant child? for since I spake against him, I do earnestly remember him still: therefore my bowels are troubled for him; I will surely have mercy upon him, saith the Lord" (Jer. 31:20). Judah, too was faithless to her covenant and was sent captive into Babylon for seventy years, but in God's providence returned to Palestine and has not ceased to acknowledge Him as her God, the Creator of the heavens and of the earth. She was never divorced by God and has never lost her identity, her people being known everywhere as "Jews."

Despite the fact that in her blindness, her apostasy, Israel lost her identity, the time must come according to prophecy when she would awaken to it, recognize who she is and receive God's mercy. If we are to identify her we must do so by the light of prophecy. In Genesis, chapter 48, it is stated that Jacob placed his name Israel upon the sons of Joseph and declared that the older son, Manasseh, would "become a people, and he also shall be great," and the younger son, Ephraim, would become "a multitude of nations." If prophecy is to be understood it must be interpreted in the light of the physical facts, and thus it becomes "a lamp unto my feet, and a light unto my path" (Psa. 119:105). Prophecy, the Apostle Peter declares, is of no private interpretation (2 Peter 1:20). God gives the interpretation publicly by the events foretold coming to pass. The physical facts, past and present, make plain the true interpretation for all to see. Can it be said that history has fulfilled and is fulfilling the above prophecies? There can be no gainsaying the fact that we find in the British Empire "a multitude of nations," and in the United States of America "a great people." Thus we have one identification mark—there are others—by which we are able to identify in these nations the bulk of the people of Israel, the ten lost tribes.

These two mighty empires have been developed by Israel while she has been in apostasy and they have become her idols and in them she has gloried. But God's favor has been with her in that following Judah's rejection of the Messiah at His first advent the salvation of God through Jesus Christ has been sent to the ten tribes scattered among the nations (Acts 13:46; 28:25-28). The call in this present age has not been a national one but a call to individuals to follow Christ. Nevertheless, to the extent that individuals in Israel have been governed by the Word of God, and the governments of the nations formed by her have been influenced thereby, these nations have been influenced thereby, these nations have prospered and have had a much higher conception of justice and righteousness than other nations. To the desirous evil men and seducers have gained control these Israelite nations have been robbed of these blessings. Today we see this evil influence almost in complete control nationally and the people so wholly absorbed in materialism that apart from lip service God is not in all their thoughts. As a consequence we are now witnessing the political, moral and economic disintegration of the British Empire as a whole, and of the United States of America, being brought about by the "waster that destroys,"

the "man of sin," the "mystery of iniquity," or, in current terminology, the "hidden, or secret, government," whose purpose is to force upon mankind a new tyranny. The time is imminent, however, when Israel will awaken to her identity and God will again deal with her as a nation, purged and purified as by fire. "Seek me and you shall live . . . seek the Eternal and live lest He set Joseph's house ablaze with fire that none can quench in Israel" (Amos 5:4-6 Moffatt). That fire has surely begun. We are living in the transition period between the Times of the Gentiles, which Scripturally ended in 1914, and the establishment of Christ's Kingdom on this earth. God's time clock has struck and nothing can prolong the lease of world power He gave to the Gentiles for a specific time only (Dan. 2:37, 38, 44).

As Samson of old, when blind, saw that he could destroy the enemies of his people by bringing their house down upon them, so the people of the British and American empires when they realize they have been betrayed by their leaders—financial, political and ecclesiastical—into surrendering their sovereignty, will, while still blind to their identity, lay hold of the two main pillars of the hidden government—international finance and organized religion—and bring the whole structure down like a millstone cast into the sea (Revelation, chapters 17 and 18), completely destroying the present world order. As these two chapters of Revelations declare, God will put it into the hearts of the ten horns—"my people"—to give unto the "beast" (Europe), their power (sovereignty), for one hour. This we now see taking form. He then instructs His people to throw off the old woman that has been and is riding, manipulating and controlling the rulers, and to "eat her flesh, and burn her with fire"—confiscate her assets and utterly destroy her Babylonian system of international finance and organized religion. Soon thereafter the visible phase of God's Kingdom in power and great glory will be established on this earth, by which and through which He will bring about the blessing of all families of the earth.

The people of the British and American empires, and other nations of the ten tribes, awakening to their identity, will rise again, not as they are at present constituted but as Israel, to the joy, praise and honor of God and their own rich blessing. Then with repentant Judah (Jer. 3:18) they will as the whole house of Israel return representatively to the Land of Promise. "Ephraim shall not envy Judah, and Judah shall not vex Ephraim" (Isa. 11:13) but "they shall come together out of the land of the north to the land (Palestine) that I have given for an inheritance unto your fathers" (Jer. 3:18). "For the law shall go forth of Zion (the centre of the Kingdom), and the word of the Lord from Jerusalem" (Micah 4:2-4) until "the earth shall be filled with the knowledge of the glory of the Lord, as the waters cover the sea" (Hab. 2:14), resulting in ALL men, the living and the dead, being reconciled to God. "Every knee should bow . . . and that every tongue should confess that Jesus Christ is Lord, to the glory of God the Father" (Phil. 2:9-11).

And so God's promise to Israel (the twelve tribes, of which the Anglo-Saxon-Celtic people are the larger part) shall be fulfilled: "And I will cause the captivity of Judah and the captivity of Israel to return, and will build them, as at the first. And I will cleanse them from all their iniquity, whereby they have sinned against me; and I will pardon all their iniquities, whereby they have sinned, and whereby they have transgressed against me. And it shall be to me a name of joy, a praise and an honor before all the nations of the earth, which shall hear all the good that I do unto them: and they shall fear and tremble for all the goodness and for all the prosperity that I procure unto it" (Jer. 33:7-9), and say, "Come, and let us go up to the mountain of the Lord, and to the house of the God of Jacob; and he will teach us of His ways, and we will walk in his paths" (Micah 4:2-4).

Israel! "Arise, shine; for thy light is come." Awaken to your identity, put on your garments of glory and beauty, be clothed with the word of God! And "the Lord shall arise upon thee, and his glory shall be seen upon thee. The Lord shall come to thy light, and kings to the brightness of thy rising" (Isa. 60:1-3).

W. F. Salter,
Haliburton, Ontario.

IN MEMORIAM

Roberts—In loving memory of a dear mother who passed away September 11, 1961 and a dear father October 10, 1945:

There is no parting from those we love,
No distance can divide,
For today in memories garden
We still walk side by side.
Each dawning day a thought of them,
At eventide a prayer,
In the hearts of those who loved them,
They always will be there.
—Lovingly remembered by Marion and Jim.

Roberts—In loving memory of a dear mother who passed away September 11, 1961 and a dear father, October 10, 1945:

Their thoughts were all so full of us,
They never could forget.
And so we think that where they are,
They must be watching yet.
As angels keep their watch up there,
Please God just let them know,
That we down here do not forget
How much we loved them so.
—Always remembered by Lucille and Eldon.

Roberts—In loving memory of grandmother and grandfather Roberts:

Just a thought of sweet remembrance,
Just a memory fond and true,
Just a token of affection,
Just a heartache still for you.
—Lovingly remembered by the grandchildren.

Roberts—In loving memory of a dear mother who passed away September 11, 1961 and a dear father, October 10, 1945:

They had a nature you could not help loving,
And hearts that were purer than gold;
And to those who knew them and loved them,
Their memory will never grow cold.
—Lovingly remembered by Clair and Mary.

Roberts—In loving memory of a dear mother who passed away September 11, 1961 and a dear father, October 10, 1945:

Though their smile is gone forever,
And their hands we cannot touch,
Still we have so many memories
Of the ones we loved so much.
Their memory is our keepsake,
With which we'll never part,
God has them in His keeping.
We have them in our heart.
—Lovingly remembered by Nordeen and Jack.

Roberts—In loving memory of a dear mother who passed away September 11, 1961 and a dear father, October 10, 1945:

Beyond the far horizon,
The ship has dipped its sail,
A brighter harbor beckoned,
Where peace and love prevail.
There is no death, our dear ones
Have only found the chart,
To that peaceful sheltered harbor
Where loved ones never part.
—Lovingly remembered by Paul, Jean and Clayt.

Harrison—In loving memory of a dear mother, Mrs. Clifford Harrison, who passed away September 11, 1951:

In our hearts your member linger,
Sweetly tender, fond and true;
There is not a day, dear mother,
That we do not think of you.
—Always remembered by Winnie, Verle and Sheila.

Buchanan—In loving memory of John Albert Buchanan, who passed away September 9, 1957:

Those we love we never lose,
For always they will be loved,
Remembered, treasured,
Always in our memory.
—Ever remembered by his wife and family.

Card of Thanks

As it will be some time before we can absorb the vast supply of letters and cards, Linda and I wish to express our gratitude immediately to all who reached to us in our shock and sorrow. We have always favored the simple life so this national publicity is overwhelming.

Haliburton is home to us as we loved it and the people who make a place what it is.

We didn't attend church in vain. The light of God's plan blinks through like a lighthouse but you have to keep watching for it even though the hardest phrase is "Thy will be done."
—Hilda McConnell, 23 Earl St., Kitchener.

We wish to thank our friends and relatives for their kind expressions of sympathy and beautiful floral tributes in our recent bereavement.

—Mrs. Snell and family.

We would like to express our deep gratitude for the many ways in which we received help after the loss of our home by fire, and also for all the lovely gifts and monies received to start a new home.

—Harry, Dorothy, Trevor and Laura Sanderson, Wilberforce, Ont.

SPORTS

10 Left In Local Golf Tournament

The Haliburton golf club started its four week tournament at the Haliburton course on Sunday. A field of 19 golfers started out with nine emerging as winners for the day, with one bye. The weather for the opening 18 holes was anything but good and the games were played in rain and wet grounds. Most of the scores were very close with the winners only making it by one or two holes. The following is a list of the games played and the winners:

Harry MacDonald over Wayne Cowan.
Paul Thain over Bob Packard.
Joe Iles over Jim Best.
Ken Rosenberg over Bill Nicoll.
Brad Emmerson over Larry Rosenberg.
Dave Stevens over Peter Dean.
Gaff Davies over Walt Rosenberg.
Don Johnston over Mark Scheffer.
Martyn Best over Johnston aBiley.
Creighton Feir receives a bye.

second round with the following games:

H. MacDonald vs. P. Thain.
J. Iles vs. K. Rosenberg.
Brad Emmerson vs. D. Stevens.
G. Davies vs. D. Johnston.
M. Best vs. C. Feir.

After this it will take two more week ends before a winner will be declared. The champion will receive the local golf trophy. We might mention here that some of the golfers in the tournament have won the trophy in previous seasons.

Haliburton Lake Regatta Results

The following is a list of winners in the Haliburton Lake Cottagers' Assn. annual regatta held on August 5.

SWIM RACES—GIRLS

1. Kathleen and Jim Marsh.
2. Nadine Morris, Gail Campbell.

MEN'S CANOE RACE

1. Bill Spiers.

Local Sport Briefs

It seems that Buzz Hodgson of Lindsay just can't get enough softball playing. After completing a very successful season with the Peoples' team in Peterboro he returned home to Lindsay just in time to join Union Carbide in their playoff series. Walt's Donuts trounced Union Carbide 10-4 in the Lindsay men's softball finals at Victoria park one day last week. Union Carbide now leads the best of seven series 2-1. Buzz Hodgson took the loss.

Sports news from Minden tell us that Craig Gartshore of Minden was down to try out with the Peterboro Petes.

We had the opportunity of meeting some of the Toronto Maple Leafs at the Empress hotel in Peterboro last Friday afternoon. The Leafs are training at the memorial centre there.

Ken Rosenberg and some other golfers from the Haliburton club played in a tournament in Huntsville this week.

**Minden Fair
The Best Yet**

The Minden fall fair is over for another year. The annual event was held at the Minden fairgrounds on Saturday last. The big show was staged with almost perfect weather and a record crowd was on hand.

The fair this year had something for everyone and it featured a very large midway. The kiddies had their thrills from the merry-go-round while the adults spent some of their time playing the many games.

The Minden Rotary and Kinsmen clubs had booths set up in co-operation with the fair board.

Among the many displays was a mobile unit sponsored by the Ontario Hydro. Eason Motors were exhibiting their cars and among others Rev. Schmitt had his exhibit. On stage Bob Harvey, Jr. was present to m.c. the show. He introduced some of the top-notch talent from Toronto and other points.

For the music lovers the Barrie Kempenfeldt Band were here to play for them. The band had their majorettes with them and they put on their precision drills to the stirring music of the trumpet band.

One of the main gathering spots seemed to be the new exhibit building which was constructed last year. Inside the local farmers and others were displaying their goods for prizes. We might add there were many good entries. This building is used by the Minden curling club in the winter months.

Special judges were present to look over the many different classes in the livestock division. Sinc. Nesbitt of Carnarvon was the announcer. Large crowds gathered around to see the judging and also to take a look at the fine horses on display.

One of the highlights of the afternoon was the appearance of the world's most educated horse, Melody Lady. This horse, which came direct to Minden from New York City, was a hit with young and old alike. So many gathered around that it was almost impossible to get a good look at her. It is reported to be the only bowling horse in the world. Ridden by Frances Dubay, the horse did all types of tricks to the delight of the large audience.

Entries were slow in coming for the ladies' nail driving contest and for the horseshoe pitching.

To top off a perfect afternoon the large crowd was treated to several parachute jumps. As a finale three men were dropped out of the plane and parachuted to the fairgrounds. The admission was only 50 cents and the crowd were delighted in the fact that they got more than their money's worth.

This year's show will be hard to beat.

Half of Canadian Teachers Rank Amateurs, Principal Charges

Nearly half of Canadian elementary school teachers are "rank amateurs," according to collegiate principal, George L. Roberts, in Liberty magazine.

"Ever since the post war bumper crop of students, we have been buying our educational services as cheaply as possible," Roberts maintains. Roberts is principal of the Oshawa, Ont., colle-

giate and the past-president of the Canadian Teachers' Federation.

"If the Ontario Teachers Federation succeeds in persuading the government to raise admission requirements to teachers' colleges to senior matriculation standing, then Ontario will have regained the standards required during the 1930's," Robert Majoribanks,

author of the Liberty article reports.

In other provinces, the problem is much the same, although most are making efforts to overcome it. This year, Alberta requires teachers to take two years university training. In 1959, more than 70% of that province's student teachers had less than senior matriculation.

In 1959 less than 8% of New

Brunswick student teachers had scored 75% on junior matriculation examinations; less than 22% could qualify for admission to the University of New Brunswick.

"Teachers' colleges seem to get more than their share of mediocre students," Majoribanks said. He charged that those students who are unfit for anything else make teaching their profes-

sion.

"Too often bright pupils are told they are too good to go into teaching," said Mrs. Dorothy Martin, secretary of the Federation of Women Teachers Associations of Ontario.

The proportion of teachers with university degrees in 1958 varied from a high of 35% in British Columbia, to a low of 6% in Prince Edward Island.

More Outboard Motors are damaged through improper care and maintenance during storage in the winter months than most people realize.

Your Outboard motor requires the same service and maintenance that your car needs and gets. Phone us NOW! We provide free Local pick-up and delivery. Have your Outboard in top shape and ready to go in the spring. Inquire about our Low Cost 28 point tune up.

VEHICLE NOISE LEVEL UNDER STUDY

"Ontario laws governing excessive motor vehicle noise are being effectively enforced throughout the province and compare favorably with legislation in force in other Canadian provinces and the U.S."

Hon. Leslie Rowntree, Ontario Minister of Transport, issued this statement in commenting on his department's decision not to approve two municipal by-laws requesting more stringent laws to combat noise made by motor vehicles.

Existing legislation requires that all vehicles must be equipped with mufflers in good working order to present excessive or unusual noise. It also states that the operator of a motor vehicle shall not at any time cause his motor vehicle to make unnecessary noise.

The proposed municipal by-laws were passed by the City of Toronto and Metropolitan Toronto council and sent to the Dept. of Transport for approval. Their intent was to set an upper limit of noise which any motor vehicle could make. The by-laws stipulated use of sound level meters—a portable device which permits the user to measure the physical magnitude of a sound at any point—to check passing vehicles.

Mr. Rowntree referred to a report from a special motor vehicle research committee which was tabled in the legislature last November. The committee was headed by V. L. Henderson, associate professor of applied physics, University of Toronto. The committee was asked to determine whether a definition of unnecessary motor vehicle noise could be found in terms of measurement

made with the aid of a sound level meter. The committee's answer, after two years of study, was "no."

In his committee report, Mr. Henderson revealed that there are still many defective trucks operating on streets and highways which could be apprehended without the assistance of any means other than perceptive eyes and ears. He said there is no problem resulting from noise caused by well maintained passenger cars, and that if all vehicles were as quiet almost everyone would be happy.

"To bring about this condition is not an engineering impossibility, but to put it into effect would have significant consequences in the economics of operation of the commercial vehicle," Mr. Henderson said. "Mufflers would have to be made considerably larger. Engines would have to be operated in a less efficient range of torques by reducing the load or increasing the size of the engine. The bodies and chassis of trucks would require completely different, and certainly more expensive, construction with added weight.

"Each of these factors would add materially to either the cost of manufacture or operation of the commercial motor vehicle. This would add to the cost of transportation and therefore raise the price of a great number of products used daily by the average wage earner. The public would suffer financial," Mr. Henderson said.

Among reasons listed by the committee for not agreeing with proposals which would establish an upper limit of acceptable noise by a motor vehicle, and the use of sound level meters, were:

1. The sound level meter does not measure the potential of sound to annoy.
 2. The operator of a vehicle would have no means of knowing when he was breaking the law.
 3. The presence of reflecting surfaces, such as walls, billboards and high buildings, would affect the reading on a sound level meter, as will noises from other sources such as traffic.
 4. An upper level of acceptable noise which would be effective in dealing with noisy sport cars, or defective passenger cars, would virtually rule off the road all heavy commercial vehicles.
 5. Owners of commercial vehicles manufactured prior to 1956 would be unable to secure mufflers which would allow the vehicle to comply with a realistic noise limit set for vehicles manufactured since 1956. The older vehicles would be too noisy.
- "Most heavy commercial vehicles in the province visit the heavily populated areas of southern Ontario at least once a year," Mr. Rowntree pointed out. "If one of these larger cities is permitted to enforce a local by-law which sets an upper limit of acceptable motor vehicle noise, then all cars and trucks operating within its boundaries must comply with the local law. A driver from Northern Ontario, traveling through the city, would never know when he was breaking the law.

"On the other hand, existing laws, universal for the province, allow law enforcement officers anywhere in Ontario to apprehend the operators of vehicles with faulty mufflers, and drivers who wilfully create unnecessary noise. Convictions in Ontario registered for violation of these two provisions of the law number 8-225 in 1959, 11,668 in 1960 and 12,059 in 1961. More than one-third of these were registered in Metropolitan Toronto."

Mr. Rowntree said a recent survey was taken to compare Ontario legislation governing motor vehicle noise with that of other Canadian provinces and the U.S.

This car will go 100 miles for a dollar.

On the highway, at highway speeds, the Volkswagen 1200 delivers around **forty miles to a gallon** of gas. (The average for city and country is 38 mpg.)

If you live where gas is **forty cents a gallon**, your full expense isn't hard to figure out. A penny a mile.

But then there's the oil.

(A Volkswagen never needs oil between changes.)

And the cooling system.

(A Volkswagen is cooled with air instead

of water. There's nothing to rust, leak, or replace. And no anti-freeze to buy.)

Operating a car means money for upkeep.

(A VW needs less maintenance and fewer repairs than any car in its class. Our factory employs 5,000 full-time inspectors who see to it that every Volkswagen is built to last.)

And money for things like dented fenders?

(The Volkswagen is a sensible car. You

don't have to replace half the body for the sake of a new fender. A few bolts, a few minutes, and the job is done.)

Visit your VW dealer soon and see the Volkswagen. And don't be afraid to give it a good test run.

It only costs us a penny a mile.

SPECIAL MEETING

Brig. and Mrs. J. D. Sharp of Orillia will be guest speakers at the Salvation Army, Maple St., this Sunday. Come and bring your friends.

BAND PROGRAM

by the lake at Glenroy Lodge, Highway 35, one mile north of Buttermilk Falls, Hall's Lake, Sunday, September 16, 3 p.m., featuring the West Toronto Salvation Army Band.

(Continued from Page One)

lowance between concession I and II in the township of Dysart was given the necessary readings, finally passed and sealed.

Council decided to ask the Dept. of Municipal Affairs if clearing of Pine Lake river may be included as capital works for special winter employment subsidy.

After due discussion council approved a motion requesting that information be sought regarding the effects on local administration if 100% of the costs of education were paid by the province of Ontario.

It was moved that the request for additional lighting on Lakeview St. be investigated by the street lighting committee.

It was resolved that regulations affecting poolrooms be amended to provide a minimum age limit of 16 years and closing hours fixed at 11 p.m.

Council then adjourned until Monday, October 15 at 9 a.m.
